

There will be a minimum of 600 locations across Catalonia with 6,000 polling stations

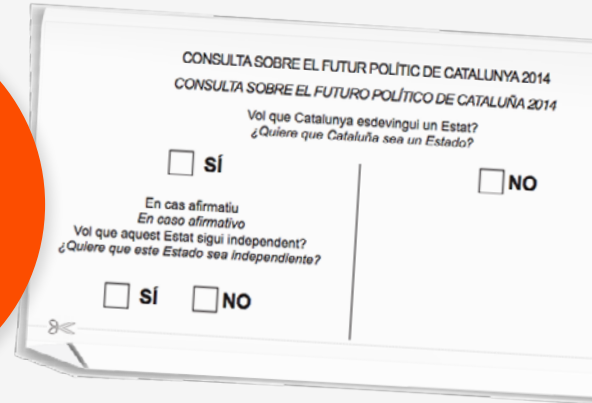

ID Cards must be presented at each location to allow for participation and voting

Voter and participant identification will be registered electronically to avoid duplications

Ballots will be used in the participation and voting process

Polling stations will need 20,000 volunteers

Polling station volunteers will verify the details before participation and voting takes place

For every two polling stations there will be a civil servant acting as a volunteer to supervise the process

A final recount will be officially validated by the civil servants

Any resident of Catalonia, according to their ID document, will be able to vote and participate

Residents living outside of Catalonia with ID cards proving their Catalan residence will be able to participate

15

With appropriate justification, participation can take place within the following 15 days in any of the seven territorial delegations of the Generalitat

14

There will be fourteen locations abroad authorised by the Generalitat to participate and to vote
